ClickKIT

Installing the kit is as easy as a click!

A complete and ready-to-install kit designed for an intuitive and quick setup. Various audio solutions, to meet different technology and system requirements.

The entry door station, with its compact design, is perfect for small spaces, such as gates or columns, offering maximum functionality in minimal dimensions. Robust and resistant, it ensures good protection and unbeatable quality/price ratio. Anodised aluminium front plate combines elegance with durability, while the name-holder plate white LED backlit offers optimal visibility. The versatile and essential intercom, perfectly adapts to any interior decor, combining practicality and reliability.

Click is the ideal solution for one-or two-way audio applications. As easy as a click!
